STATEMENT PURSUANT TO SECTION 102(1) OF THE COMPANIES ACT, 2013

Item Nos. 3 to 7

Shri Rajendra Prasad Pansari, Shri Kashi Prasad Chaudhary, Shri Hukam Chand Daga, Shri Umrao Chand Jain and Shri Gautam Ganguli were appointed as Independent Directors of the Company by the members at the Annual General Meeting (AGM) of the Company held on 25th September, 2014 for a period of five years upto 24th September, 2019.

As per Section 149(10) of the Companies Act, 2013 ("the Act") an Independent Director shall hold office for a term of upto five consecutive years on the Board of a Company, but shall be eligible for re-appointment on passing a Special Resolution by the Company for another term of upto five consecutive years on the Board of a Company.

Based on recommendation of Nomination and Remuneration Committee and in terms of the provisions of Sections 149, 152 read with Schedule IV and any other applicable provisions of the Act and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("the LODR") Shri Rajendra Prasad Pansari, Shri Kashi Prasad Chaudhary, Shri Hukam Chand Daga, Shri Umrao Chand Jain and Shri Gautam Ganguli, being eligible for re-appointment as Independent Directors and have offered themselves for re-appointment, are proposed to be re-appointed as Independent Directors for second term of five consecutive years effective 25th September, 2019 upto 24th September, 2024.

The Company has received requisite declarations from them stating that they meet the criteria of Independence as prescribed under sub-section (6) of Section 149 of the Companies Act, 2013 and Regulation16(1)(b) of the LODR. They have also given their consent to continue to act as Directors of the Company, if so appointed by the members.

In the opinion of the Board, all the five Directors Shri Rajendra Prasad Pansari, Shri Kashi Prasad Chaudhary, Shri Hukam Chand Daga, Shri Umrao Chand Jain and Shri Gautam Ganguli fulfill the conditions specified under Section 149 (6) of the Act, the Companies (Appointment and Qualification of Directors) Rules, 2014 and Regulation 16(1)(b) of the LODR for their re-appointment as Independent Directors of the Company and are independent of the management. The requisite notices u/s 160 of the Act from Shareholders have been received proposing the aforesaid persons as Directors.

The Board considers that the continued association of all the five Directors would be of immense benefit to the Company and it is desirable to continue to avail their services as Independent Directors.

Brief particulars of the aforesaid Directors are given below.

Shri Rajendra Prasad Pansari (72), a Chartered Accountant, has over four decades of experience in working at various senior positions handling financial, legal, secretarial, taxation and capital market related matters. He is presently the Chief Executive Officer of Pilani Investment & Industries Corporation Ltd. and a Member of its ALM Committee, Investment & Finance Committee & Risk Management Committee and also a Director in Jute Investment Co. Ltd. and PIC Realcon Ltd.

Shri Kashi Prasad Chaudhary (78), is a qualified Company Secretary, Chartered Accountant as well as a Cost Accountant with a degree in Law. He has nearly five decades of experience in the areas of Finance, Taxation, Corporate Law and Valuation. He was the Company Secretary of National Engineering Industries Limited. He is also a Director in GMMCO Ltd., India Silica Magnesite Works Ltd and Ashok Investment Corporation Ltd.

Shri Hukam Chand Daga (69), is an Advisor to Bhubaneswari Coal Mining Limited. Having passed out from the Institute of Chartered Accountants of India and the Institute of Company Secretaries of India, also holds a degree in Law. Shri Umrao Chand Jain (83), is a Legal Advisor for Company Law & Legal matters. Other than a Master's Degree in Commerce, he is a qualified Lawyer and a Fellow of the Institute of Company Secretaries of India. He is currently a Director of VTL Electronics Ltd., Xpro Global Ltd., Ipro Capital Ltd., Central India General Agents Ltd, Ajax Business Services Ltd., Intellipro Aviatech Ltd., Janardhan Trading Co Ltd., Birla Holdings Ltd. and Diamond Realty Ltd.

THE RAMESHWARA JUTE MILLS LIMITED

Shri Gautam Ganguli (66), is a Member of the Institute of Company Secretaries of India as well as of the Institute of Chartered Accountants of India. He is currently holding the position of Company Secretary in Kesoram Industries Limited and Directorship in Birla Tyres Ltd., Precious Services & Consultancy Ltd., Jute Investment Co Ltd., Aditya Marketing & Manufacturing Ltd., Manav Investment and Trading Company Ltd., PIC Realcon Ltd and Cygnet Industries Ltd.

None of the Directors are related to each other, further they do not hold any shares in the Company.

The Company and the Independent Directors shall abide by the provisions specified in Schedule IV of the Act, and shall be governed and guided by the guidelines of professional conduct, role and functions, duties, reappointment, resignation or removal, separate meetings and evaluation mechanism as provided therein. Their appointment once made at the Meeting shall be formalised through a letter of appointment and the terms and conditions of the re-appointment shall be open for inspection at the Registered Office of the Company by any Member during normal business hours, and shall also be posted on the Company's website.

Accordingly, the Board recommends passing of the Special Resolutions as referred under serial number 3 to 7 in relation to re-appointment of Shri Rajendra Prasad Pansari, Shri Kashi Prasad Chaudhary, Shri Hukam Chand Daga, Shri Umrao Chand Jain and Shri Gautam Ganguli as Independent Directors for another term of five consecutive years with effect from 25th September, 2019 for the approval by the shareholders of the Company.

Shri Rajendra Prasad Pansari, Shri Kashi Prasad Chaudhary, Shri Hukam Chand Daga, Shri Umrao Chand Jain and Shri Gautam Ganguli should be deemed concerned or interested in the particular Resolutions seeking re-appointment as Independent Directors. No other Director / Key Managerial Personnel or any relative of the Directors or the Key Managerial Personnel have any concern or interest in the aforesaid Resolutions. The passing of aforesaid Resolutions also do not relate to or affect any other Company.

BUSINESS OPERATIONS & REVIEW

Mining division operations were in full swing during the year under reference. The division has raised 5,94,260 MT of Iron Ore (ROM) in FY 2018-19 as against 1,43,883 MT of Iron Ore (ROM) production in FY 2017-18 and sold 3,43,809 MT of Iron Ore (ROM) during the FY 2018-19 as against 21,560 MT in FY 2017-18.

The division earned operational profit of 2,438.23 Lakh as against a loss of 5403.79 Lakhs in FY 2017-18.

The outlook of the division is very challenging, considering the limited time in hand before the mining lease expires on 31st March, 2020. Moreover, iron ore prices may remain under pressure as overall supply is anticipated to be more than demand.

In regard to eviction proceedings initiated by the landlord pertaining to office premises at Delhi, negotiations are on with the landlord for arriving at a mutual settlement and the Company is quite hopeful in this regard.

DIVIDEND

To conserve the resources, neither dividend nor transfer to Reserves is recommended for the Financial Year under reference.

SHARE CAPITAL

The Paid-up Equity Share Capital as on 31st March, 2019 continued to be ` 26.61 Lakhs. No shares with or without differential voting rights, stock options or sweat equity shares, were issued by the Company during the year.

DIRECTORS

The requisite declarations from all Independent Directors that they meet the independence criteria, as laid down under Section 149(6) of the Companies Act, 2013 ("the Act") as well as SEBI (Listing Obligations and Disclosure Requirements), Regulations 2015, were received.

Upon a favourable recommendation from the Board's Nomination and Remuneration Committee, the Board re-appointed Shri Rajendra Prasad Pansari (DIN : 00869222), Shri Kashi Prasad Chaudhary (DIN: 00369615), Shri Hukam Chand Daga (DIN: 00441914), Shri Umrao Chand Jain (DIN: 00008980) and Shri Gautam

Ganguli (DIN: 00871416) as Independent Directors of the Company for a second term of five years effective 25th September, 2019 upto 24th September, 2024.

Appropriate Special Resolutions, to this effect, are being proposed at the ensuing AGM.

Shri Shyam Sundar Jajodia (DIN: 00065195), Director of your Company, retires from the Board by rotation and being eligible, offers himself for re-appointment and an appropriate Resolution has also been included as a part of the Notice convening the ensuing Annual General Meeting for his re-appointment. Shri Jajodia is a Commerce graduate with a degree in Law. His experience in handling legal and administrative matters spans over four decades. Other than being a major partner in Krishna Kunj, he holds Directorships in India Silica Magnesite Works Limited and Bengal Stores Limited. He does not hold any shares in the Company.

KEY MANAGERIAL PERSONNEL (KMP)

There was no change in Key Managerial Personnel (KMPs) during the year. The following persons functioned as Key Managerial Personnel during the year under section 203 of the Act.

CORPORATE SOCIAL RESPONSIBILITY (CSR)

The Corporate Social Responsibility Committee is comprised of three Directors, Shri Rajendra Prasad Pansari, Shri Kashi Prasad Chaudhary and Shri Umrao Chand Jain. Shri Rajendra Prasad Pansari is the Chairman of the Committee.

In terms of the commitment of the Company towards corporate social responsibility, various programmes in the past to benefit the society in general have consistently been implemented over the years for persons living in the vicinity of its operations in particular.

However, the Company was required to spend a total of ` 33 Lakhs towards the CSR activities during the Financial Year 2017-18, including a sum of ` 13 Lakhs for the Financial Year 2016-17, however, due to liquidity constraint resulting from long suspension of the Mining operations only ` 0.30 Lakh was spent in February, 2018 for purchases of Tribal drum for celebration of mega festival in village at Tatiba against the same.

In the financial year 2018-19, the Company was not mandated under section 135 of the Act to spend any amount on CSR activities as the Company had not made any profit in the preceeding three financial years.

Since the Mining operations have resumed w.e.f. 9th November, 2017, the liquidity constraints eased a bit, as such, the Company has fulfilled its liabilities towards the CSR activities in the Financial Year 2018-19 details of which is given in Corporate Social Responsibility (CSR) activities Report of the Company.

The text of the Corporate Social Responsibility Policy of the Company under section 135 of the Act is available on <u>www.rameshwarajute.com</u>.

ANNEXURE-II

MANAGEMENT DISCUSSION & ANALYSIS REPORT

The following operating and financial review is intended to convey the management's perspective on the financial condition and on the operating performance of the Company as at the end of the Financial Year 2018-19 and this should be read in conjunction with its Financial Statement, Schedules and Notes thereto and the other information included elsewhere in the Annual Report.

INDUSTRY STRUCTURE DEVELOPMENT

Iron Ore Mining Industry Overview

The iron ore industry is a high volume industry. It is characterized by high barriers to entry, due to its highly capital intensive nature, in terms of upfront investment required for heavy earthmoving equipment, buildings, vehicles, transport networks and long production start-up lead times. These barriers reward players with huge financial muscle and scale and deter new entrants.

India ranks 4th in terms of iron ore production globally. In Financial Year 2017-18, production of iron ore stood at 210 million tonnes. India has around 8 per cent of World's deposits of iron ore.

The Mining Industry in India is a major economic activity which contributes significantly to the economy of India.

Rise in infrastructure development and automotive production are driving growth in the metals and mining sector in India. India has vast mineral potential with mining leases granted for longer durations of 20 to 30 years.

Iron ore production in the Country increased from 129.32 million tonnes in Financial Year 2015 to 200.96 million tonnes in Financial Year 2018. It is forecasted to grow at the rate of 5 per cent in Financial Year 2019. In April 2019 exports of iron and steel stood at US\$ 7.15 billion.

The Government of India has allowed 100 per cent Foreign Direct Investment (FDI) in the Mining sector and exploration of metal and non-metal ores under the automatic route, which will propel growth in the sector. Power and Cement Industries also aiding growth in the metals and mining sector.

Opportunities & Threats

There are opportunities for mining equipment players. Even for open cast mining, companies are increasing capacity. Some are expanding underground activities as these do not involve land acquisition or forest clearance. Also, given the growing trends in power demand and per capita consumption of metals in the medium-long term, there are sizeable opportunities for mining and suppliers.

As the long-term demand for iron, other metals and energy in India is intact, demand growth for minerals is assured. The State Governments have started getting ambitious in revenue generation from the sector and are certain that if these headwinds abate, mining in India can gradually ramp up. On the other hand, if the policy challenges remain and no clear direction is provided, India may have to increasingly resort to imports to meet its domestic demand. That will be a huge loss of opportunity.

The mining and metals industry is recovering from one of its most difficult periods in decades. Market volatility and a downturn in commodity prices have created a new norm where cost cuts, automation and operational efficiency are vitally important.

Meanwhile, industry-specific issues related to regulation, geopolitical risk, legal limits on natural resource use, shareholder activism and public scrutiny have created additional challenges.

Product Performance of the Company

Mining operations were continued during the year under reference with full swing. The division has raised 5,94,260 MT of Iron Ore in Financial Year 2018-19 as against 1,43,883 MT of Iron Ore production in Financial Year 2017-18 and sold 3,43,809 MT of Iron Ore during the Financial Year 2018-19 as against 21,560 MT in FY 2017-18.

The division earned operational profit of ` 2,438.23 Lakhs as against a loss of ` 5403.79 Lakhs in Financial Year 2017-18.

(` in I akh)

The financial performance during the year of the Company is as under :

FINANCIAL RESULTS :

| FINANCIAL REJULI J. | | (III Lakii) |
|---|-------------------------|-------------------------|
| | <u>31st March, 2019</u> | <u>31st March, 2018</u> |
| Sale of Product | 8326.73 | 823.64 |
| Sale of Services | 128.78 | 136.66 |
| Other Income | 32.63 | 21.25 |
| Total Revenue | 8488.14 | 981.55 |
| Profit/(Loss) before Interest, Depreciation and Tax | 3828.64 | (4525.26) |
| Less:Depreciation | 749.20 | 616.62 |
| Finance Cost | 661.46 | 297.89 |
| Tax Expenses | 542.47 | (1.20) |
| | 1953.13 | 913.31 |
| Profit/(Loss) for the year | 1875.51 | (5438.57) |
| Other Comprehensive Income (net of tax expense) | (479.56) | (96.85) |
| Total Comprehensive Income/(Loss) for the year | 1395.95 | (5535.42) |
| | | |

As would be evident from the above, the performance of the Company showed distinct improvement.

However, the finance cost increased significantly by ` 363.57 Lakhs and constituted a concern.

<u>Outlook</u>

Going forward, the outlook of the division is very challenging, considering the limited time in hand before the mining lease expires on 31st March, 2020. Moreover, iron ore prices may remain under pressure as overall supply is anticipated to be more than demand.

Risks and Concerns

The very nature of mining natural resources means that many businesses will have operations in some of the most remote and inhospitable areas in the Country and very often coupled with a high susceptibility to natural catastrophe.

In addition to the traditional risk factors, the mining industry now faces an even wider range of challenges, factors such as climate change, new technologies, economic uncertainties and secure supply of key consumables like electricity, water, gas and other fuels are all difficult to predict and bring additional complications to securing appropriate balance sheet protection.

Safety and environmental control of mining activity remain key drivers, but expectations of sustainable development require the provision of electricity, water, healthcare and education to the local communities where mining operations are based.

As a number of mining companies were financing operational expansion on the back of debt, many have been significantly affected by the tight financial conditions in the Country. Credit markets seized up, requiring balance sheets to be shored up to prevent a funding crisis. Drastic measures had to be taken including suspending operations, divestment of noncore assets and other cost-cutting measures to protect earnings.

Business Support Services

The Support Services given by the Company showed a reduction in revenue from ` 136.66 Lakhs in the Financial Year 2017-18 to ` 128.78 Lakhs in the current Financial Year i.e. 2018-19.

This segment of the Company contributes a negligible amount to the total turnover of the Company and, therefore, is not significant to be discussed in detail.

Financial Performance with respect to operational performance during 2018-19

The "General Review" incorporated in the Board's Report sets out a brief performance of the Company's operating businesses.

The Company's improved operational performance during 2018-19 as compared with the previous year favourably impacted financial ratios. The following critical ratios have changed beyond the 25% indicative threshold specified in the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015-all of them for the better and due to reopening of mines:

- a. The Debtors Turnover Ratio which stood at 17.12 as at 31 st March, 2018 came up to 47.55 as at 31 st March, 2019.
- b. The Operating Profit Margin percentage went up to 0.36 % from (5.35%) in the previous Financial Year.
- c. The Net Profit Margin percentage went up to 0.29 % from (5.65%) in the previous Financial Year.

The Net Worth as at 31st March, 2019 increased to ` (3079.52) Lakhs from ` (4956.25) Lakhs in the previous year due to the Company's improved financial performance. However, the change stated above in ratios does not represent the efficiency levels between two years as the mines reopened in the Financial Year 2018-19 against the closed status and should be read in this context.

Internal Control Systems and its adequacy

Adequate Internal Control System exists as stated in the Board's Report.

Material Developments in Human Resources

The Company realises that a committed and self motivated human capital is the key to continued growth in an adverse economic environment and is dedicatedly pursuing this goal.

The number of people employed as on 31st March, 2019 is separately covered under Annexure IV to the Board's Report.

Industrial relations remained cordial during the year.

INDEPENDENT AUDITOR'S REPORT To the Members of The Rameshwara Jute Mills Limited

Report on the Audit of the Financial Statements Opinion

We have audited the accompanying financial statements of **The Rameshwara Jute Mills Limited ('the Company')**, which comprise the Balance Sheet as at **31st March, 2019**, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flow and the Statement of Changes in Equity for the year then ended and a summary of the significant accounting policies and other explanatory information.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act 2013 (the 'Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Indian Accounting Standards ('Ind-AS') specified under Section 133 of the Act of the state of affairs (financial position) of the Company as at **31st March 2019**, and its profit (financial performance including other comprehensive income), its Cash Flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that in our professional judgement were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole and in forming our opinion thereon and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report.

| KEY Audit Matters | How our Audit addressed the Key Audit Matters |
|--|--|
| Property, Plant & Equipment and Intangible Assets There are areas where management judgement impacts the carrying value of property, plant & equipment, intangible assets and their respective depreciation/amortisation rates. These include the decision to capitalise or expense costs; the annual asset life review; the timeliness of the capitalisation of assets and the use of management assumptions and estimates for the determination or the measur- ement and recognition criteria for assets retired from active use. Due to the materiality in the context of the balance | We assessed the controls in place over the fixed asset cycle, evaluated the appropriateness of capitalisation process, performed tests of details on costs capitalised, the timeliness of capitalisation of the assets and the de-recognition criteria for assets retired from active use. In performing these procedures, we reviewed the judgements made by management including the nature of underlying costs capitalised; determination of realisable value of the assets retired from active use; the appropriateness of asset lives applied in the calculation of depreciation; the useful lives of assets prescribed |

| and estimates required, we consider this to be as area of significance. | in the Schedule II of the Companies Act, 2013 and the useful lives of certain assets as per the technical assessment of the management. We have observed that the management has regularly reviewed the aforesaid judgements and there are no material changes. |
| Fair value measurement of Financial Instruments Due to the significance of financial instruments measured at fair value, and a high degree of judgement related to their valuation, we consider this as a key audit matter. | We assessed the design followed by the management and tested the operating effectiveness of internal control over the valuation, data integrity, independent price verification and model approval. For area of higher risk and estimation, our audit procedure focused on the comparison of judgement made to market practice and reperformance of valuations over a selection of instruments, assessing the key inputs, assumptions and models used in the valuation process. We compared our results with the Company's valuation. |
| Provisions and Contingent Liabilities The Company is involved in various taxes and other disputes for which final outcomes cannot be easily predicted and which could potentially result in significant liabilities. The assessment of the risks associated with the litigations is based on complex assumptions, which require the use of judgement and such judgement relates, primarily, to the assessment of the uncertainties connected to the prediction of the outcome of the proceedings and to the adequacy of the disclosures in the financial statements. Because of the judgement required, the materiality of such litigations and the complexity of the assessment process, the area is a key matter for our audit. | Our audit procedure in response to this key audit matter included, among others,. Assessment of the process and relevant controls implemented to identify legal and tax litigations, and pending administrative proceedings. Assessment of assumptions used in the evaluation of potential legal and tax risks performed by the accounts department of the Company considering the legal precedence and other ruling in similar cases. Inquiry with the relevant departments regarding the status of the most significant disputes and inspection of the adequacy of the disclosures in the notes to the financial statements. |

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, Management Discussions and Analysis, Corporate Social Responsibility Report and Details under rule 5(1) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

We, based on the work we have performed, have not come across any material misstatement of this other information and consequently have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs (financial position), profit or loss (financial performance including other comprehensive income), changes in equity and cash flows of the company in accordance with the accounting principles generally accepted in India, including the Ind AS specified under section 133 of the Act read with the Companies (Accounting Standards) Rules, 2015, as amended.

This responsibility also includes the maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
 appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of
 the Company's internal control. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible
 for expressing our opinion on whether the company has adequate internal financial controls system in
 place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- We also provide, those charged with governance, with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
- From the matters communicated with those charged with governance we determine those matters that
 were of most significance in the audit of the financial statements of the current period and are therefore the
 key audit matters. We describe these matters in our auditor's report unless law or regulation precludes
 public disclosure about the matter or when in extremely rare circumstances we determine that a matter
 should not be communicated in our report because the adverse consequences of doing so would reasonably
 be expected to outweigh the public interest benefits of such communication.

Annexure - B to the Independent Auditor's Report referred to in paragraph 2 (f) under the heading "Report on Other Legal and Regulatory Requirements" of our report of even date of The Rameshwara Jute Mills Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **The Rameshwara Jute Mills Limited** ("the Company") as on **31 March 2019** in conjunction with our audit of the financial statements of the Company for the year ended as on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI').

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Auditor Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind-AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind-AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind-AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Ind-AS financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at **31 March 2019**, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO FINANCIAL STATEMENTS for the year ended 31st March, 2019

<u>NOTE : 1</u>

I) CORPORATE INFORMATION

The Rameshwara Jute Mills Limited (the Company) is a public company domiciled and incorporated under the Act VII of the legislative Council of India entitled "The Companies Act, 1913". The Company is in the business of Mining and business support services. Its' shares are listed in India at the Calcutta Stock Exchange Limited.

II) BASIS OF PREPARATION OF FINANCIAL STATEMENTS

a) Statement of Compliance

The Financial Statement have been prepared in accordance with Indian Accounting Standards (Ind-AS) as prescribed under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) (Amendment) Rules, 2016 and relevant provisions of the Companies Act, 2013.

b) Historical cost convention

The financial statement have been prepared under the historical cost convention with the exception of certain assets and liabilities that are required to be at fair value by Ind AS.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

c) Basis of Preparation

- Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. The financial statements are presented in INR and all values are rounded to the nearest INR lakhs, except when otherwise indicated.
- ii) Use of estimate

The preparation of the financial statements in conformity with Ind-AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period.

Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed in note 35.

Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

iii) Classification of Assets and Liabilities as Current and Non Current

All Assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of product & Activities of the Company and their realization in cash and cash equivalent, the Company has determined its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities.

<u>NOTE: 2</u>

SIGNIFICANT ACCOUNTING POLICIES

a) Property, Plant & Equipment

Property, Plant & Equipment including Capital Work In Progress are Stated at acquisition cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises of purchase cost, borrowing cost, if capitalized criteria are met and other directly attributable cost of bringing the assets to its working condition for intended use.

When significant parts of plant and equipment are required to be replaced at intervals, the company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in profit or loss as incurred. No decommissioning liabilities are expected to be incurred on the assets of plant and equipment.

Depreciation is calculated on a straight line basis over the estimated useful lives of the assets in accordance with and in the manner specified under Schedule II of the Companies Act, 2013 except the assets costing Rs. 5000/- or below on which depreciation is charged @ 100% per annum on proportionate basis.

Advance paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non current assets and the cost of asset not put to use before such date are disclosed under "Capital work in Progress'. Subsequent expenditure relating to Property, Plant & Equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably.

The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognised in the statement of profit & loss. Assets to be disposed off are reported at the lower of the carrying value or the fair value less cost to sell.

Depreciation is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful lives as follows :

| Class of Assets | Estimated useful life (in years) |
|------------------------|----------------------------------|
| Building | 60 years |
| Plant and Equipment | 40 years |
| Furniture and Fixtures | 10 years |
| Office Equipment | 5 years |
| Vehicles | 10 years |
| Electrical Equipment | 10 years |
| Computer Accessories | 3 years |

Intangible Assets

Mining Rights are initially recognised at cost and subsequently at cost less accumulated amortization and accumulated impairment loss, if any.

Acquisition cost i.e. cost associated with acquisition of licences, and rights to explore including related professional fees, payment towards statutory forestry clearances, as and when incurred, are treated as addition to Mining Right.

Computer Software which are not an integral part of related hardware, is treated as intangible asset and stated at cost on initial recognition and subsequently measured at cost less accumulated amortization and accumulated impairment loss, if any.

Subsequent costs are included in the asset's carry amount, only when it is probable that future economic benefits associated with the cost incurred will flow to the company and the cost of the item can be measured reliably. All other expenditure is recognised in the Statement of Profit & Loss.

Mining rights are amortized over their respective individual estimated useful lives on a straight line basis, from the date that they are available for use. The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence, known technological advances and other economic factors. The amortization method and useful lives are reviewed periodically at each financial year.

| Class of Assets | Estimated useful life (in years) |
|-------------------|---|
| Computer Software | 5 years |
| Mining Right | Amortized over the period of mining right |

b) Inventories

Inventories are valued as under:

- a. Raw Materials: At lower of Cost or Net Realisable Value
- b. Finished Products: At lower of Cost or Net Realisable Value
- c. Stores, Spares and Components: At Cost
- d. Stock in process: At lower of Raw material Cost plus estimated cost of conversion up to the stage of completion or Net Realisable Value

Cost includes all direct cost and applicable manufacturing and administrative overheads. Inventories are valued on FIFO basis. Variation, if any, between books and physical stocks detected on physical verification, obsolete & slow moving stocks are adjusted in accounts as found appropriate.

Net Realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

c) Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and revenue can be reliably measured

i. In respect of Sales:

When the significant risks and rewards of ownership of goods have been passed on to the buyer, which generally coincides with delivery/shipment of goods to customers.

ii. In respect of Interest Income :

On time proportion basis taking into account the amount outstanding and the rate applicable.

iii. In respect of Service Income :

When the services are performed as per contract.

iv. In respect of Dividend Income :

When right to receive payment is established.

v. In respect of Insurance Claims :

On Settlement of Claims

vi. In respect of Guarantee Commission :

When right to receive payment is established.

Under Ind-AS 18, Excise duty will not be netted from revenue and shown as a part of expenses. Revenue from product sales is recognized exclusive of Excise Duty, Sales Tax/Value added Tax (VAT) and net of returns, Sales Discount etc. Sales Returns are accounted for when goods are returned.

d) Cash & Cash Equivalents

Cash & cash equivalents comprise cash on hand, cash at banks and deemed deposits with banks with an original maturity of three months or less which are subject to an insignificant risk of change in value.

e) Impairment of Assets

i. Financial assets

The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss.

Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognized as an impairment gain or loss in profit or loss.

ii. Non-financial assets

Intangible assets and Property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-inuse) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years

f) Investments

Long term investments being Investment in Listed Equity Shares are stated at fair value through other comprehensive income. Provision is made when diminution in the value of investments is considered other than temporary in nature. Current investments are stated at lower of cost and market value.

g) Financial instruments

1. Initial recognition

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date

2. Subsequent measurement

Non-derivative financial instruments

(i) Financial assets carried at amortized cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Company has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model. Further, in cases where the Company has made an irrevocable election based on its business model, for its investments which are classified as equity instruments, the subsequent changes in fair value are recognized in other comprehensive income

(iii) Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

(iv) Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at

fair value through profit and loss. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

3. Derecognition of financial instruments

The company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind-AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

h) Income Taxes

Income tax expense comprises current and deferred income tax. Income tax expense is recognized in net profit in the statement of profit and loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in other comprehensive income.

Current income tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. Deferred income taxes are not provided on the undistributed earnings of subsidiaries and branches where it is expected that the earnings of the subsidiary or branch will not be distributed in the foreseeable future. The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

i) Employee benefits

i) Short Term Employment Benefits

Employee benefits of short-term nature are recognized as expense on an undiscounted basis in the statement of profit & loss of the year in which the related service is rendered.

ii) Post-Employment Benefits

Post employment defined benefits plan are recognized as expenses based on actuarial valuation at year end, which takes into account actuarial gains and losses.

The company provides for gratuity for eligible employees at year end. The Company recognizes the net obligation and re-measurements comprising of actuarial gains and losses in the other comprehensive income which are not reclassified to profit & loss in subsequent periods.

Post employment defined contribution plans are charged as an expenses as they call due or paid, whichever earlier.

j) Provisions, Contingent Liabilities and Contingent Assets

The Company makes a provision when there is present obligation as a result of past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Contingent Assets are disclosed when an inflow of economic benefit is probable and/or certain.

k) Borrowing Costs

Borrowing Costs that are attributable to the acquisition and constructions of qualifying assets are capitalized as a part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready

for its intended use. Other borrowing costs of the Year are charged to revenue in the period in which they are incurred.

I) Leases

Company as a lessee

A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the company is classified as a finance lease.

Finance leases are capitalized at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. Finance charges are recognized in finance costs in the statement of profit and loss. Contingent rentals are recognized as expenses in the periods in which they are incurred.

Operating lease payments are recognized as an expense in the statement of profit and loss on a straight-line basis over the lease term.

m) Earnings per equity share

The basic earnings per share ("EPS") is computed by dividing the net profit after tax for the Year by the weighted average number of equity shares outstanding during the Year. For the purpose of calculating diluted earnings per share, net profit after tax for the Year and the weighted average number of shares outstanding during the Year are adjusted with the effects of all dilutive potential equity shares. The dilutive potential equity shares are deemed converted as of the beginning of the Year, unless they have been issued at a later date.

n) Cash Flow Statements

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

o) Segment Reporting

Identification of Segments

The Company's operating businesses are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offer different products and serves different markets. The analysis of geographical segment is based on the areas in which the customers of the company are located.

Allocation of Common costs

Common allocable costs are allocated to each segment on case to case basis applying the ratio, appropriate to each relevant case. Revenues and Expenses, which relate to the enterprise as a whole and which are not allocable to any segment on a reasonable basis, have been included under the head "Unallocated".

Segment accounting policies

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole.

Refer note 32 for segment information presented.

p) In the process of applying the Company's accounting policies, management has made the following estimates, assumptions and judgments which have significant effect on the amounts recognised in the financial statement:

i. Contingencies

Judgment of the Management is required for estimating the possible outflow of resources, if any, in respect of contingencies/ claims/ litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

ii. Allowance for Uncollected Accounts Receivable and Advances

Trade Receivables do not carry any interest and are stated at their normal value as reduced by appropriate allowances for estimated irrecoverable amounts. Individual trade receivables are written off when management deems them not collectible. Impairment is made on ECL, which are present value of the cash shortfall over the expected life of the financial assets.

iii. Defined Benefit Plans

The cost of the defined benefit plan and other post employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in future. These includes the determination of the discount rate, future salary increases, mortality rates and attrition rate. Due to the complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

iv. Fair Value Measurement of Financial Instruments

When fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the discounted cash flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of input such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

q) Recent Accounting Pronouncements

New Standards/ Amendments to Standards Issued but not yet effective

Ind AS 116 Leases: The Ministry of Corporate Affairs (MCA) has notified the Companies (Indian Accounting Standards) Amendment Rules, 2019 on 30th March, 2019. Ind AS 116 will replace the existing Leases Standard, Ind AS 17 Leases, and related interpretations. The Standard sets out the principles for the recognition, measurement, presentation and disclosure of Leases for both parties to a contract i.e. the Lessee and the Lessor. The standard contains enhanced disclosure requirements for lessees.

Amendments to Ind AS 12, Appendix C, uncertainty over Income Tax Treatments:

On 30-03-2019, Ministry of Corporate Affairs (MCA) has notified the Ind As 12 Appendix C, uncertainty over Income Tax Treatments which is to be applied while performing the determination of taxable profit (or loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind As 12.

All these amendments are effective from financial year beginning on or after April 1, 2019.

| Particulars | For the Year Ended March 31, 2019 | For the Year Ended March 31, 2018 |
|-------------|--------------------------------------|--------------------------------------|
|-------------|--------------------------------------|--------------------------------------|

Assets are tested for impairment whenever there are any internal or external indicators of impairment. Impairment test is performed at the level of each Cash Generating Unit (CGU) or groups of CGUs within the Company at which the assets are monitored for internal management purposes, within an operating segment. The Impairment assessment is based on higher of value in use and value from sale calculations. During the year, the testing did not result in any impairment in the carrying amount of other assets. The measurement of the CGUs value in use is determined based on financial plans that have been used by management for internal purposes. The planning horizon reflects the assumptions for short to - mid term market conditions. Key assumptions used in value-in -use calculations :

- a. Operating Margins (Earning before Interest & Taxes)
- b. Discount Rate
- c. Growth rate
- d. Capital Expenditures

The following methods and assumptions were used to estimate the fair values:-

a. The Company has adopted to Fair value its Long Term & Current Investments through OCI (Other Comprehensive Income)

b. The Carrying Amounts of Current Assets / Liabilities are to be the same as their fair values due to short term nature.

Fair Value Hierarchy

- Level 1 Quoted Prices (unadjusted) in active markets for indentical assets/liabilities
- Level 2 Inputs other than quoted prices included within Level 1 that are obserable for the assets or the liabilities, either directly(i.e. as prices) or indirectly (i.e. derived from prices)
- Level 3 Inputs for the Assets or Liabilities that are not based on observable market data (unobservable inputs)

Financial Risk management- Objective & Policies

(` in lacs)

The Company's financial liabilities comprise mainly of Borrowings, Trade Payables and Other payables. The Company's financial assets comprise mainly of Investments, Cash & Cash Equivalents, Other balances with banks, Trade Receivables and other Receivables.

The Company is exposed to Market Risk, Credit Risk and liquidity Risk. The Board of Directors ('Board') oversea the management of these financial risks. They identify, assess and mitigate financial risks in order to minimise potential adverse effects on the company's financial performance.

i. Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise three types of risk: currency rate risk, interest rate risk and other price risks, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits and investments. This is based on the financial assets and financial liabilities held as at March 31, 2019 and March 31, 2018.

ii. Credit risk

Credit risk is the risk that a counter party will not meet its obligations under a financial instrument or customer contract, leading to a financial loss.

iii. Liquidity risk

Liquidity risk is the risk that the Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses.

The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Company's financial performance. The Company does not acquire or issue derivative financial instruments for trading or speculative purposes.

Risk management is carried out by the CFO under policies approved by the Board of Directors. The CFO team identifies, evaluates and control financial risks in close co-operation with the Company's operating units. The board provides principles for overall risk management, as well as policies covering specific areas, such as local government policy risk, pollution risk, rehabilitation risk, interest rate risk & credit risk, use of financial instruments and application of funds and liquidity.

CREDIT RISK

Ageing Analysis of Trade receivables

| | As at March 31, 2019 | | | | As at March 31, 2018 | | | | |
|--------------------------------|-----------------------|----------------------------|-----------------------|--------|-------------------------------|-----------------------|----------------------------|-----------------------|-------|
| Not Due and Not Impaired | Upto Six Months | Six to Twelve Months | Above 12 Months | Total | Not Due and Not mpaired | Upto Six Months | Six to Twelve Months | Above 12 Months | Total |
| | 34.27 | 263.49 | 1.16 | 289.17 | | | 1.16 | 1.16 | 2.32 |

Cash And Cash Equivalents

Credit risk on cash and cash equivalents is limited as we generally invest in deposits with banks and financial institutions (mutual funds) with high credit ratings assigned by international and domestic credit rating agencies. Investments primarily include investment in quoted shares, unquoted shares (stratigic investment) and liquid mutual fund units.

Liquidity Risk

The Company's approach in managing liquidity risk is to ensure that, as far as possible, it will have sufficient liquidity to meet its liabilities as and when they fall due under both normal and stressed conditions, without incurring unacceptable losses or risking damage to company's reputation.

The table below provides details regarding the contractual maturities of significant financial liabilities as of March 31, 2019:

| Particulars | Upto 1 year | 1-2 years | 2-4 years | 4-9 years | Total |
|---|-------------------|------------------|-----------------------|----------------|-------------|
| Long term borrowings including current maturity | | | | | |
| Trade payables | 634.90 | | | | 634.90 |
| Other financial liabilities (excluding derivatives) | 6,799.97 | 24.49 | | | 6,824.46 |
| The table below provides details regarding the cont | ractual maturitie | s of significant | t financial liabiliti | ies as of Marc | h 31, 2019: |

| Long term borrowings including current maturity | | | | |
|---|----------|-------|------|----------|
| Trade payables | 312.43 | | | 312.43 |
| Other financial liabilities (excluding derivatives) | 8,050.87 | 23.99 | | 8,074.86 |

Interest Rate Risk

(` in lacs)

The Company's fixed rate short term borrowings are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS107, since neither the carrying amount nor the future cash flow will fluctuate because of a change in market interest rate.

Price risk

The Company's exposure to equity securities price risk arises from investment held by the Company and classified in the balance sheet at fair value through OCI. In general, these investments are not held for trading purposes. The table below summarises the impact of increase/decrease of the equity instrument prices on the Company's equity:

| | Impact on profit before tax/equity | | |
|---------------------------|------------------------------------|------------|--|
| | 31-03-2019 | 31-03-2018 | |
| Share price Increase (5%) | 298.28 | 322.33 | |
| Share Price Decrease (5%) | (298.28) | (322.33) | |

2. Capital Risk Management

For the purpose of the Company's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity shareholders. The primary objective of the Company's capital management is to maximise the shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company includes within net debt, interest bearing loans and borrowings, trade and other payables, less cash and cash equivalents, excluding discontinued operations.

| | As at March 31, 2019 | As at March 31, 2018 |
|---------------------------------|----------------------|----------------------|
| Borrowings | 4,650.00 | 6,785.00 |
| Trade payables | 634.90 | 312.43 |
| Other payables | 2,174.46 | 1,602.29 |
| Less: cash and cash equivalents | (200.33) | (97.33) |
| Net Debt | | |
| Equity | 2,845.31 | 1,449.36 |
| Capital and Net Debt | | |
| Gearing Ratio | 71.84% | 85.58% |

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current period.
